STUDY QUESTIONS FOR THE NAP MEMBERSHIP EXAMINATION

NAP VISION STATEMENT
Through competence and professionalism NAP will be recognized as the leader in teaching and promoting the values of democratic decision-making and civic involvement

February, 2001
INTRODUCTION

Membership in the National Association of Parliamentarians (NAP) is open to individuals who demonstrate their continued interest in the study and practical use of parliamentary law as defined in the current edition of Robert's Rules of Order Newly Revised (RONR) by Henry M. Robert.

This demonstration of interest is evidenced by successful completion of the NAP membership examination. These 300 study questions cover the basic points of parliamentary procedure considered necessary for an individual to participate effectively in an organization.

The examination consists of 100 questions randomly selected from these 300 study questions. Most of the study questions are taken from the first 120 pages of RONR (10th ed.) and tinted pages (TP) 4-29. However, to include information on minutes and committees, 27 questions were taken from pages 451-458 and 471-485. This makes a total of 169 pages (out of over 700 pages of RONR) to be studied in preparing for the examination.

A grade of 70% is necessary for successful completion of the examination.

These study questions will become effective on February 1, 2001. Examinations after that date will consist of 100 questions from these new study questions. Additional copies of the study questions and NAP membership application forms may be obtained from
